

ELEVATE YOUR STANDARDS

GUARDING

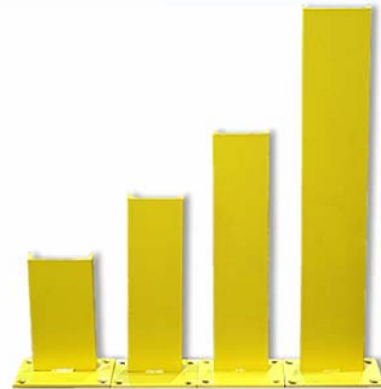

Shown with Optional Flush Mounted Anchors

For In-Aisle Rack Protection

Wildeck's structural steel channels offer protection for the most common size rack uprights (3" & 4") and are available in four optional heights (12", 18", 24" & 36").

This assortment of sizes is sure to meet your needs. When coupled with Wildeck's optional low profile anchors, our rack upright protectors should be your first choice for in-aisle protection.

UPRIGHT RACK PROTECTOR

Stock
